DEDICATION

We fondly dedicate this book to Mr. Gilbert Roberts. We hope in this small way to show our heartfelt thanks to a man who has labored so untiringly to give us the best which education has to offer. Mr. Roberts has served the school system of Cuyahoga Falls for twenty-nine years as teacher, principal and superintendent. This year he again resumed his teaching duties as head of the history department. His humor, wit, and bits of advice, along with his presentation of history, have made room 213 dear to his senior history students. For these reasons and many more we dedicate our book to Mr. Roberts, a marvelous teacher, a wonderful man, a true friend.

THE BOARD OF EDUCATION

Left to right Mr Cooper, Clerk Treasurer, Mrs. Whitacre, Mr. Nichol, President;
Mr. Gracia; Dr. Stein.

We especially wish to express our thanks to the Board of Education because it provides the fundamentals, such as teachers, buildings, and books for our education. This group is composed of five citizens, elected for a term of two years. It meets with the Superintendent and Assistant Superintendent of schools twice a month to form the policies for guiding the school affairs of our community. We realize that an increase in enrollment and the high cost of living have greatly multiplied the problems which these citizens face and that their job is by no means an easy one.

IN MEMORIAM

Robert Evans Cooper

November 12, 1931 July 14, 1947

We, the class of January '49, will always remember Bob for his pleasing personality, his ready humor, and his desire to make friends. Our faith in Bob was shown by the fact that he was chosen to serve on our 11-B Class Executive Committee. Therefore, we would like to pay this final public tribute to him by publishing in our section of the yearbook a memorial to a great guy, one we will never forget.

The purpose of this club is to foster the improvement in the knowledge of the art and science of photography through the study of how to make and take pictures. The school darkroom is open every day, all day, to any camera club member for developing his own pictures.

A club project is always under way, giving any member an opportunity to apply what he has learned. Last Christmas each member made his own Christmas cards. At the present time the members have entered the Eastman Photography Contest and have started a contest of their own open to all the students in Falls High.

So many people do not understand advertising that the Akron Beacon Journal established a Junior Ad Club at Falls High. The purpose is to study advertising from the consumer's and the merchant's view. The Ad Club, the first of its kind in the area, was begun at Falls because of the number of essay contest winners here.

Second row: Dick Fields, Don Gschwind, Brian Pesa, Tom Getzinger, Jim Steiner

Our cage team of 1948-49 can go into the record books as a very successful season. They finished the regular season with a record of twelve wins against four losses.

Fall was captained by John Hester, an outstanding ball handler. The Tigers, who played a deliberate type of ball, contrasted with the fast hit-and-run type that most of the squads used.

Coach Watson's Bengals were riding high in the tournament after downing Eyr a and then Massillon, who previously snapped our seven game win streak at the beginning of this season, but who lost in a heartbreaker to St. Vincent.

Coach Watson says he will be around next season to coach what he believes, will be an even better team.

RESERVE BASKETBALL

The Reserve Basketball team had a very successful season throughout 1948 and 49. They hold a very impressive record of eleven wins against four losses. A slow deliberate type of ball, similar to that used by the varsity squad, was also used by the Reserves.

The Reserves defeated North, East Cleveland Heights, Ravenna, West, Central, St. Mary's, Garfield, and Newark, while suffering losses to Massillon and the Alumni. Falls split in two games between Kent and St. Vincent.

With most of the boys returning next year, Coach Ripley expects to have a better, more experienced team.

FRESHMAN BASKETBALL SQUAD

Falls High Frosh had a successful season, although some may not think a "won 8, lost 9" is a good record. It did assure Falls that they may expect great teams in the future.

One of the primary purposes of freshman teams is to give every possible prospect a chance and not just to win games. Coach Loughridge deserves due credit for leading the boys this year. The high point men were Ludwig, Cyril, Reading, and Glenny, in that order.

EIGHTH GRADE BASKETBALL TEAM

Coach McNea gathered up the boys, who will probably be the nucleus of our teams to be, and did a commendable job.

The squad often met quintets that were older and more experienced, but our boys were well drilled and consequently respected.

Under the direction of Mr. E. L. Shank boys from 10-A through 12-A operate the visual aids for teachers in all the Falls schools. These boys are chosen for their interest in Visual Education and their dependability, as well as the primary requirement of an above average scholarship record.

Not only does the Visual Education Department supplement classroom work, but it also participates in several other activities. Sound equipment for football games and assemblies is provided by this department. Noon movies are shown during the winter months for the students' entertainment.

The department has recently purchased two new screens—one for the auditorium and one for room 308 as well as classroom films.

HEALTH

"Open wide. Now say, A-a-a-a. That's right."

These words may be heard coming from room 204, while Miss Maxine Carlin, school nurse, is making a routine medical check-up of a student or teacher. Miss Carlin, a graduate of People's Hospital, is really kept busy caring for all the minor ailments that occur at school. Besides this, eye tests have been given to all students to discover the fitness of eyes for school work. A blood count was taken of the teachers, in accordance with State health requirements. Dr. R. M. Brady, general practitioner, visits the high school and grade schools once each week.

FIRE DRILL

The ringing of the fire bell interrupts work momentarily, while students practice the routine in case a real disaster ever occurs. Carrying out of directions in fire drills has been greatly improved this past year.

GUIDANCE

The Guidance Department is under the direction of Mr. R. B. Heuser. It is located in room 306. This department helps grade school pupils in selecting their high school course and subjects. It also helps high school students pick their vocation and college. Various tests on aptitude and scholarship are also given under the supervision of this department.
